Role Fit Questions

Attention to Detail `Low`

Poor ★★☆☆☆

Question

Different work tasks might require varying levels of detail and attention. Explain a task you worked on that required attention to detail and quality.

- What was the task about? Were you working with anyone else?
- What was your role in this task? What was the intended outcome?
- How did you approach the task? How did you ensure details and quality were not compromised?
- What was the end result? What did you do well? What would you improve on?

No comment were left

Analytical Thinking `Average`

Question

Recall a situation where you had to examine multiple data sources and formulate a solution or an approach.

- What was the example? Why did you need to formulate a solution?
- What did you have to do? What types of data or information did you have to work with?
- How did you make sense of these multiple data? Any challenges faced?
- What was the outcome? Would you do anything differently?

Answer value is NULL

Dependability `Low`

Average ★★★☆☆

Question

Recall an instance when your other obligations affected your ability to complete your tasks on time.

- How did the obligations impact your work?
- What was your role in completing the tasks?
- What did you do to ensure your work was still delivered on time? What were the steps involved?
- What was the end result? Looking back, is there anything you would have handled differently?

answer is 3 rolefit

Adaptability/Flexibility Average	Poor ★★☆☆☆

Question

Describe a time you had to adjust to changing work conditions or priorities in order to complete a project. How did you handle it?

- What was the time about? Was this something new for you that you have not done before?
- What did you have to do? What was the intended outcome?
- What did you do differently? Why did you approach it that way? How did you feel in this process?
- What happened in the end? How would you change it to make it even better?

score is two

Integrity Average	

Question

Describe a situation where you had to deliver a task but your integrity was challenged in the process.

- What was the task about? What were your concerns to integrity?
- What was your role in this situation? What challenges did you face?
- How did you manage this situation? How did you convince those involved as well?
- What was the end outcome? How did you feel about it? What would you have done differently?

Score is zero, answer is null

Achievement Average	Very Poor ★☆☆☆☆

Question

Share how you would deliver to the best of your ability on a project in a previous role or task.

- What sort of role or task did you undertake?
- What did you think you have to do to make this successful?
- How did you ensure the success of this?
- How did you feel about the process? What did you learn from this about yourself?

No comment were left

Support **High**	Poor ★★☆☆☆

Question

Share how support from co-workers and management was like for you in a previous role.

- What sort of role or task did you undertake?

- What was the task at hand? What support did you felt was needed?

- What did you do for this task? What kind of support did you receive?

- What was the end outcome? How did you feel about the process? What did you learn from this about yourself?
